

## Our Ministry Values

- Keeping it real!
- Keeping it relational!
- Keeping it simple!

## Jay Trainer, Founder & Coach

Jay is a lover and follower of Christ, husband, daddy, an evangelist focused on student ministry, and a ministry resourcing partner. He is the founder and coach of the Infuzion team. Jay currently travels with Infuzion around the Northeast, advocating excellence in organizations, individuals, and the people they serve.

## CAMPS

Infuzion® has always been in the business of partnering with camps and retreat centers. Whether our whole team is involved or just part of our team, our desire is to put together a camping program unlike any other. We can be used as specifically as you need when it comes to your camp program. From being a camp counselor to camp pastor or speaker to worship leader, our aim is to serve you. We want to help you develop the vision you believe God has for the participants in your camping activities.

## CHURCHES

When partnering with a local church or a few local groups, we can tailor a weekend specific to the spiritual needs of the local community. From main sessions to workshops to relational development, our drive for weekend getaways is to provide an atmosphere where God can bring healing and wholeness to those in your ministry. These events are structured and planned through conversation and connection with local leaders, and in actively praying for wisdom that comes from the Holy Spirit.

## CYBERSPACE

There are endless Kingdom opportunities that can be found in the world of technology and the internet. Because of this, we are very intentional about having a presence in cyberspace for redemptive purposes. Tune into our podcast - Untorn® - as we talk about life, struggles, and the hunger for hope. We also have a mobile app available for iOS and Android called Infuzion Now. Subscribers of the app can use it for biblical engagement and growth in Christ through devotional material specific for their needs.

### OUR VISION STATEMENT:

***Infuzion® aims to connect people to life in Jesus Christ through creative events, experiences, and expressions.***
